

# Instant Mobile Notes

From Arrendale Associates

**SAVE AN HOUR OR MORE PER DAY**

## Better Notes Completed Faster

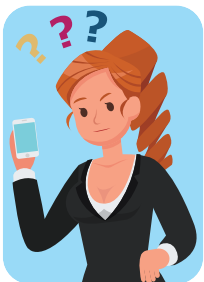

- Perfect for *On the Go* social workers, behavioral health counselors and single practitioners
- Convert your thoughts into text *before* your next appointment

## Here's What's Included

- Smart Phone dictation app with embedded speech recognition
- Easy editing on your phone, tablet or Windows PC
- eSign statement to verify completion
- Custom templates with your logo
- Keyword search of note contents for meds, symptoms, diagnoses and more
- Behavioral health, medical and pharmaceutical vocabularies
- HIPAA compliance, unlike Siri and similar applications
- Unlimited monthly dictation

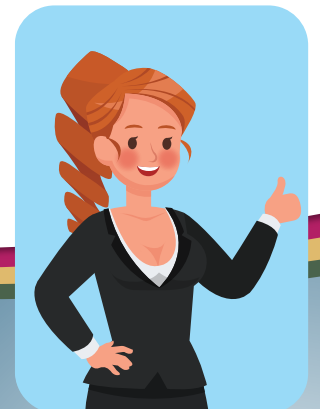

## Never Dictated before; Now's the Time to Start

- Simple download from either app store, Apple or Android
- No license key or desktop software to install
- Live, remote training session and videos get you started
- Audio listen feature with fast forward and rewind controls
- Overwrite and insert options to revise and add to your audio
- Draft note ready for your review on your device in under a minute
- 'Incomplete' status option for partial notes when additional time is needed

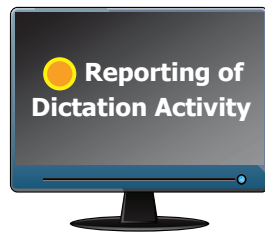

**Generous Trial Period**  
**Try before you Buy**  
**Call for Details**

## Even more Efficiency with:

Keyword Search

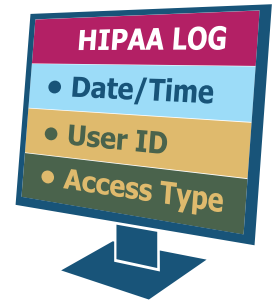

Reporting by Clinician

Local Printing

PC Delivery

HIPAA Tracking

## PHI Safeguards

- 20 plus year history of Compliance in healthcare software creation and sales
- Protection of audio files and text notes with Triple DES encryption
- Password requirement with configurable expiration
- Forced log off to close the app after a specified period
- HIPAA event log showing all dictating, listening and editing activity
- Password reset from the web if phone is lost
- Secure transmission of entire audio file via Wifi or cellular networks, not streaming
- Certified and audited premier data center

Secure Cloud Hosting

**Have more time for clients**

**Have more time for family**

## EHR Click Relief

### About Arrendale Associates, Inc.

Arrendale Associates supplies interoperable clinical documentation solutions to healthcare customers in the U.S., U.K., Ireland and India. Physician practices, behavioral health clinicians and health systems benefit from Arrendale's modular software by reducing costs and improving documentation efficiency with integrated nVoq speech recognition, customizable workflow and EHR compatibility. The Arrendale Instant Mobile Notes and Transcript AdvantagePlus products are cloud-based, customized for each user and supported by our US Support Center. Arrendale's MTSO transcription service partners assist providers and therapists with speech editing and full transcription, eliminating integration projects.
